

PETAWAWA MILITARY FAMILY RESOURCE CENTRE  
Centre de ressources pour les familles des militaires de Petawawa

---

October 30, 2013

As a visible agency in the County of Renfrew, the Petawawa Military Family Resource focuses its mission on supporting and encouraging families in the community to be empowered to take care of their needs.

As an agency that offers many services and supports to family, including a strong mental health team, we do our best to be aware of the needs of families in the area. When we were approached by the Robbie Dean Family Counselling Centre, and learned of their proposed idea for a crisis clinic in the Petawawa area, we saw this as positive addition to being able to support families in a well rounded manner.

We welcomed the idea of their proposal and want to support this project as best we can as it relates to our mission and vision. We have partnered with the Robbie Dean Family Centre for other projects and appreciate that their goal of helping families is paramount, in the work that they do. We welcome the opportunity to work together to empower the families of the County.

If there are any questions or concerns regarding this letter of support, please do not hesitate to connect me.
